**COMMERCIAL**

Holidays and sports have proved almost too much for business during the past week, and there has been done nothing which is of moment on the Stock Exchange. In the general line of business transactions however there seems a better feeling and the tendency is for freer orders and some loosening in collections.

The feature of the week's news remains the announcement of the change of form of Waterhouse & Company. The addition making of the firm a limited corporation for the transaction of trust business will tend to create some degree of confidence as the concern will handle the many varieties of business which its charter permits it to undertake. Not the least valuable of these will be the insuring of titles from which branch much profit is expected, and which will tend to make the investor more likely to take up local real estate propositions with alacrity.

There has been nothing in the way of sales on the Stock Exchange, the entire record of the week being two sales, one of thirty and the other of fifty shares, of Honokaa, each at \$14.00. This is in keeping with the Coast prices and indicates the feeling that this will be good year for the plantation. There were some changes in the bid prices of the list but none of these were founded upon the basis of sales and consequently the quotations are simply given place in the list of closing prices.

**REAL ESTATE AND BUILDING.**

There is some building going on in Chinatown and in the farther suburbs, but there seems no change in the city proper. There are some inquiries for store properties in the main section. The Young building is announced as almost entirely taken and the adjacent buildings report many inquiries.

The most ambitious structure which is reported as under way is the new Chinese theater, between Maunakea and Kekaulike streets, in the rear of the new Mutch block. This will be a large frame structure with modern improvements in the way of entrances and exits, and it is the intention to rush work upon the building so that it may be ready for use during the festivities about the Chinese New Year's time.

There are two structures under way in the College Hills district, and there is said to be a number of others which may be expected to be put under contract very soon.

With the major portion of the burned district covered with the same class of stores which obtained before the recent destructive fires, the appearance of the new Chinese business district is restored and the new construction is reaching out makai of King street. There are two buildings going up and more are in contemplation.

Agents report a few sales of house lots in the outside districts, and there has been some inquiry for lots in the Waikiki district with the advance work of the Rapid Transit lines in that section.
